

School of Nursing of the University of São Paulo

Post-Doctorate Studies

The applicant shall contact an EEUSP advisor-professor of his/her area of interest, and who will be responsible for the Post-Doctorate Program (see Professors). Apart from the development of the research project proposed, the student of post-doctorate studies shall participate in other research activities developed by the research group. The results of the studies developed will be published coauthored with the professors involved, and attached to the Final Report.

Course length: from 3 months to 2 years (may be renewed).

Applicants can be accepted within the following situations:

I – if he/she holds a post-doctorate scholarship or equivalent scholarship;

II – if he/she has been granted a remunerated absence from the research and educational institution or enterprise;

III – should he/she not have a scholarship, it will be EEUSP Research Committee's discretion to decide;

Procedures:

The professor responsible (advisor) presents to the Research Committee Office the following documents:

- Forms: (Application Form and Annex I, II, and III, according to the case);
- Letter of Requirement forwarded to the Post-Doctorate Program, signed by the professor responsible and justifying the contribution that the development of the project proposed and the applicant's school background will bring onto the research group with which the post-doctorate program will be conducted;
- Research Project;
- Activity plan to be developed by the applicant;
- Copy of the project-submission protocol to a Research Ethics Committee, should the project involve human beings. (To implement the program, the applicant shall hand in a Letter of Approval of the project by the Ethics Committee, to be arranged for with the advisor-professor);
- The applicant's curriculum vitae;
- Photocopy of the RNE (*National Register of Foreigners*) or Protocol;

- Photocopy of the passport page containing the applicant's personal data and effective residence visa in Brazil, or protocol;
- Proven copy of the applicant's Doctorate degree;
- Term of Award and Acceptance (for researchers **WITH** scholarship)

Deadline-Extension of the Program:

Necessary documents:

- Forms: Deadline-Extension Form, Annex I, II, and III (according to the case);
- Deadline-extension justification, signed by the advisor and the post-doctorate student;
- Report of the activities developed during the post-doctorate program;
- Copy of the publications derived from the post-doctorate program;
- Copy of the RNE (*National Register of Foreigners*) or Protocol;
- Photocopy of the passport page containing the applicant's personal data and effective residence visa in Brazil, or protocol;
- Proven copy of the deadline-extension of the scholarship with the renewal period (term of award or copy of the site registry data of the agency that granted the scholarship or other document pertinent to this agency (for researchers **WITH** scholarship).

Program Completion:

Necessary Documents:

- Completion Form;
- Printed report of the activities developed during the post-doctorate program, to be e-mailed to edipesq@usp.br;
- Printed copy of the publications derived from the post-doctorate program, to be e-mailed to edipesq@usp.br;
- Copy of the scientific advisory opinion provided by the fomenting agency **OR** non-fomenting organs for research (for researchers **WITH** scholarship).
