HOW TO GET TO SÃO PAULO

➤ From Guarulhos International Airport (Cumbica)

The Guarulhos International Airport is located 25 km from the city center of Sao Paulo. Several bus, taxi and transfer companies provide airport shuttles.

- Airport Bus Service: is a bus service that links the International Airport to strategic points in São Paulo, like Congonhas Airport, the Bus Terminals of Barra Funda and Tietê, and Paulista Avenue. The Airport Bus Service has various schedules and routes. The price varies--around R\$ 50,00 and tickets can be purchased in the stores of International Airport Terminals 1, 2 and 3. Consult the São Paulo subway map for more information on subway stations, lines, and stations for line changes. The price of the subway ticket is R\$ 4,30. For more information:

<http://www.airportbusservice.com.br/br/home>.

- Taxi: to the University of São Paulo (Butantã campus), the cost is more than R\$ 250,00. The common taxis of this airport are operated exclusively by the cooperative *Guarucoop*. There are points of sale (accepting credit cards) outside terminals 1 and 2 near the arrival

stage of the International Airport. For destinations outside Guarulhos, these taxis can only operate at prepaid rates, being prevented by law from charging extra fees for the transportation of luggage. Special taxis have higher fares. Only take authorized *Guarucoop* taxis.

- Public transport: outside the International Airport Terminals, there is the EMTU / SP bus stop to *Tatuapé* subway station (bus line 257 - EMTU). The price is R\$ 6,45. The bus departs from the International Airport every 20 minutes. Consult the São Paulo subway map for more information on subway stations, lines, and station line changes. The cost of the subway ticket is R\$ 4,30.

➤ From Congonhas Airport

The Congonhas Airport is located 8 km from the city center of Sao Paulo. Located in the city of São Paulo, the cost of taxi and shared cars (ex. Uber) are cheaper. But there is also the possibility of using public transport.

The closest subway station to Congonhas Airport is *São Judas* station (line 1-blue). Take the bus line 609 J/10 upon arrival, in front of the regular taxi stand, and go until the final stop. The price of the bus and subway ticket is R \$ 4.30, each. Consult the São Paulo subway map for

more information on subway stations, lines, and stations for line changes.

➤ **From Barra Funda and Tietê Bus Stations**

At the Barra Funda Bus Station there is the *Barra Funda* subway station (line 3 - red). The Tietê bus station is also located at the *Tietê* subway station (line 1 - blue). The cost of the subway ticket is R\$ 4,30. Consult the São Paulo subway map for more information on subway stations, lines, and stations for line changes.

➤ **How to get to the event**

PAMinSA VIII will take place in the Auditoriums *Nicolau Sevcenko* and *Milton Santos*.

Auditoriums Nicolau Sevcenko and Milton Santos.

History and Geography School (Av Professor Lineu Prestes, 338)

College of Philosophy, Languages and Social Sciences

University of São Paulo (*Butantã* campus)

In addition to private transport (e.g. taxis and Uber), there is also the possibility of arriving by public transport.

- **Subway:** The closest subway station to USP is *Butantã* station (line 4 - yellow). Next to the station there is a bus terminal (Butantã bus terminal); take the circular bus 8012 or 8022 - *Cidade Universitária* (Circular 1 or 2) and travel to the front of the History and Geography building. The price of the bus ticket is R\$ 4,30.
- **Bus:** There are several bus lines that get into the University City (University of São Paulo - Butantã campus). The price of the bus ticket is R\$ 4,30. Consult the SP Trans website for more information about the various bus lines in São Paulo: <http://www.sptrans.com.br/>

TRANSPORTATION IN THE CITY OF SÃO PAULO

Bus and Subway

The price of the municipal buses and the subway is R\$ 4,30 per ticket. To save money, we recommend purchasing the *Bilhete Único* at the subway stations. It's a card that, for R\$ 25,80 (to be used as credit), you are allowed up to 4 trips within 3 hours.

Taxis

Taxis in Sao Paulo, in general, offer a good and safe service, but are more expensive. Between 8pm - 6am and on Sundays, the cost is 30% more. On the website www.tarifadetaxi.com/sao-paulo it is possible to estimate the price of the trip, but remember that the final price will always depend on the traffic. If you choose the taxi, use a call center or pick them up directly at the point of origin.
