

The Post-graduate Program in Immunology, of the Institute of Biomedical Sciences, is pleased to invite all from our department to the seminar:

# Mitochondria, Diets and Calcium, a Metabolic Triad

## Alicia Kowaltowski

Alicia earned her B.S. in Medicine (1997) and her PhD in Medical Sciences (1999) from Unicamp. She was postdoctoral fellow in Oregon Graduate Institute. Currently, Alicia is full professor in the Department of Biochemistry, USP. Her research is in bioenergetic field and in mitochondrial transport and redox state.

Venue: Anfiteatro Ivan da Mota e Albuquerque (ROSA)  
Edifício Biomédicas IV  
Av. Prof. Lineu Prestes, 1730 - Cidade Universitária.

**August, 14th**  
**(Wednesday) 12:00pm**
