

The ImmunoWebinars announces:

# SCRATCHING THAT ITCH: NEUROIMMUNE CONTROL OF ALLERGIC IMMUNITY

## Caroline Sokol

Dr Sokol is a physician with MS from University of Pennsylvania, and PhD in Immunobiology from Yale University under mentorship of Dr. Ruslan Medzhitov. Postdoc with Dr Andrew Luster at Massachusetts General Hospital (Harvard Medical School), where she became a physician-scientist. Currently, Dr Sokol and her lab group seeks to understand how and why the immune system responds to allergens with the overall goal of developing new therapies to treat and prevent allergic disease

**July 21st (Tuesday), 12pm**
